Go Green in Any Color

- 1.3 recycled bottles in every napkin
- Matches Signature® standard color offerings
- Colors stay true through repeated launderings
- Custom colors available upon request
- Consistent look and feel order to order

REASONS TO CHOOSE MILLIKEN SIGNATURE TABLE LINENS

Milliken is an innovative company that has been exploring, discovering, and creating ways to enhance people’s lives since 1865. Milliken’s Environmental Policy was originally adopted in 1900. In 1990 the company established a goal of zero waste with the elimination rather than reduction of all solid waste, hazardous wastes and emissions. We’ve diverted 99% of all of the company’s waste away from landfills to places where it could be re-used or recycled. Our environmental stewardship extends far beyond the confines of our buildings. The Milliken family of companies nurtures 130,000 acres of sustainably managed forests. Our 600-acre corporate campus is a noted arboretum and horticultural testing ground that’s open to the public. We actively seek and use alternative energy to power our manufacturing plants, such as methane gas produced by local landfills. For more information, visit www.milliken.com.
